Where do I begin? I am still getting phone calls and comments about “the awesome band” at our reception in Charleston! Our wedding was two weeks ago and people are still going nuts about how that party “rocked”! You guys seriously brought the house down! We owe the energy of our party all to you, ya’ll kept it up all night and just as Tony said, “even my grandmother would be dancing” ...she did!

I will sing your praises to all that will listen because I’ve be to hundreds of weddings but ours was the most fun and all because of you! You should be the number one band in the country by far! Thank you!

The band was amazing!!!! We had the best time and got so many complements on how good the band was. Heather and the guys did a great job of reading the crowd and playing great music. We were all up dancing all night. Heather is truly an amazing performer. Everyone thought it was the most fun wedding and the band had so much to do with that! I would absolutely recommend them to anyone who asks.

Thanks so much for your help in making my wedding perfect! I will be in touch if I ever need a band in the future!

We could not be more pleased with Heather's and the band's performance. They are truly tremendous musicians AND entertainers. The club staff and our guests would all like to see them again so we'll be calling soon for another great party!! Again, thanks for everything!!!

The band was fabulous and everyone had a great time. They are a pleasure to deal with. It's rare to find such professionalism, willingness to please and talent in one package!!

THE HEATHER HAYES BAND was a smashing success! Everybody loved them. Don't be surprised if they get requests for more parties up here in Virginia!

They were lots of fun, polite, excellent musicians, and seemed to enjoy having a good time with all of our guests! Everybody really had a blast celebrating with them.

And, they were very accommodating to my "special requests."

Thanks again for all your help and assistance. The reception was a great success. I hope all the members of the BAND enjoyed being up here with us.

I'll tell you, they were truly excellent. Not only are they incredibly talented, but they were extremely professional, most accommodating, and simply a hit with the crowd. I especially wanted to recognize Heather and Curtis for being receptive to my comments, reading the crowd, knowing how to handle the crowd, and being just overall a pleasure to work with. I will gladly recommend you and The Heather Hayes Band to all my colleagues in the industry, and you may very well hear back from me regarding future events.

It was so good, a much better party this year compared to last year, and I truly attribute it largely to the band. We literally had to make people get on the last bus back to the hotel. They could have danced all night. The band was so accommodating to all of our agents and guests. They posed for pictures, danced and made everyone feel great. Thanks again for all of your help with the planning.

The Heather Hayes Band was simply awesome. They were so cool. They went with the flow, took requests, played music that was appropriate for all tastes and ages. The group really made the party so much fun. Everyone was dancing from my 5 year old cousin to my husbands 70 year old grandmother. I would recommend them to anyone.

First of all, I have to say that I truly think they are the most talented musicians I've ever, ever, heard play at a wedding. Their "jazz" set was fantastic! They played exactly the right thing at the right time. They are SO talented, and very current. I'm truly glad that I didn't get a "fraternity" party soul band. These guys are both more sophisticated and happening. Any more questions?
